

Ir Dr Johnny Cheuk graduated from the University of Cambridge with a PhD in Geotechnical Engineering. Dr. Cheuk is currently the Hong Kong Executive Leader of AECOM, leading a multidisciplinary team of over 4,000 professionals across design, consulting, and construction management services. He has extensive experience managing complex and challenging projects, including the Hong Kong West Kowloon Station of the Guangzhou-Shenzhen-Hong Kong Express Rail Link, the Tuen Mun–Chek Lap Kok Tunnel Link, and rock cavern developments. He is committed to advancing the development of the Northern Metropolis and actively promotes innovation and digital technologies to deliver sustainable solutions for communities and the environment. In 2013, he was awarded the “Young Engineer of the Year” by the Hong Kong Institution of Engineers in recognition of his contributions to the engineering field.

Ir Dr Cheuk is actively involved in industry affairs. He currently serves as the Chairperson of the Hong Kong Association of the Institution of Civil Engineers (ICE), a Council Member of the Hong Kong Institution of Engineers (HKIE), and was the Chairman of the Geotechnical Division of HKIE for the 2022/2023 session. He is also the Senior Vice Chairman of the Dashun Foundation, as well as an Adjunct Professor at the University of Hong Kong and the Hong Kong University of Science and Technology, dedicated to nurturing engineering talent.
